

Data Collection Form

Monofilament Recovery and Recycling Program (MRRP)

Sponsored by Texas Sea Grant, Texas AgriLife Extension Service, and Texas Parks and Wildlife Department

Name: _____

Telephone number: _____ E-mail address: _____

Date Monitored	No. of Bins Emptied	Amount of Line Collected (oz.)	Problems with Bin? Y or N

Use the space below to describe any problems or successes you are having with your bin(s).

Instructions:

1. Please empty each bin at least once a month or more often if needed.
2. Remove any hooks, weights or leaders from the line.
3. Remove any vegetation or other debris from the line.
4. Weigh line to the closest ounce. Note: Manual or electronic fish scales work well.
5. **Send completed data sheet to:**
USPS: John P. O'Connell at 2200 7th Street, 4th Floor, Bay City, TX 77414 or
Email: j-oconnell@tamu.edu or
Fax: (979) 245-5661 or
Website: <http://mrrp.tamu.edu>, to fill out the form and submit it online.
6. Place clean line in box for shipment to recycling center.
7. When you accumulate 3-5 pounds of line, or a full box, ship to: PureFishing, Inc., 1900 18th Street, Spirit Lake, IA 51360-1041. The indoor recycling bins provided by PureFishing have boxes with return address labels on them and postage paid by UPS.

Special Notes:

- 1) **Maintaining the bins on a regular basis is very important.** Over-full bins pose a hazard.
- 2) **Please take special care (wearing gloves is highly recommended) when unloading the bins because you might encounter sharp objects.**
- 3) **If you are unable to maintain a bin you have established, please contact John P. O'Connell at j-oconnell@tamu.edu or (979) 254-4100, or Texas Sea Grant at (979) 845-3854.**
